

AATi Commercial

PROJECT CASE STUDY

January 2012

All Bar One

Customer: G. Oakley & Sons Ltd

All Bar One is a great place to relax and enjoy your favourite tipple after work! Some venues exhibit AATi Cast Metal Stair Nosings ref SN3/HDLT/140 in Cast Aluminium.

These nosings are no longer compliant to current Building Regulations and were mainly used for heritage and maintenance applications.

AATi have a wide range of stair nosing products that adhere to the aforementioned standards, please contact our sales team who will be able to advise you when selecting the right stair nosing for your project.
