## PROJECT CASE STUDY

### Nandos

**Customer: Sanderson Ltd**

**Architects: B3 Designers**

Did somebody say chicken? Nandos has to be the go-to place to eat chicken, with over 350 Restaurants in the UK and Ireland.

Nandos was first developed by two friends eating marinated Per-Peri chicken in Johannesburg, South Africa. It tasted so good; they decided to make their own...

Believe it or not, the first UK Nandos actually opened as a takeaway in Ealing 1992!

After a lack of success as a takeaway venue and with great ambition, self-belief in their incredibly tasty chicken, Nandos took a massive leap of faith by opening 5 restaurants across London. It's safe to say it was a huge success and business was booming, by 1998 they sold their one-millionth bottle of Peri-Peri sauce!

AATi have supplied various establishments across the UK including Taunton, Salford Quays and more recently Farringdon.

AATi supplied type- SN30/60 Cast Iron anti-slip stair nosings that were zinc plated black.
